

**APPLICATION FOR REMOVAL OF CUTTINGS
 OR CORE FROM THE CORE LIBRARY
 REGULATION 49, PETROLEUM AND GEOTHERMAL ENERGY
 REGULATIONS 2013**

Applicant's details:

Name: _____

Position: _____

Business Name and Address: _____

Ph: _____ **Mobile:** _____ **Fax:** _____

E-mail: _____

Details of sample(s):

Name and number of Well	Depth or interval of sample (metres)		Type of sample* and/or weight (grams) of cuttings and weight remaining in bag	Type of analysis to be performed on sample
	From	To		

- CT = Cuttings, CC = Core chip, 2/3C = 2/3 core slab

Removal date of sample(s): _____

Serial number: _____

CONDITIONS FOR REMOVAL OF CUTTINGS OR CORE

1. The Applicant must furnish to the Minister for Minerals and Energy (“Minister”), a report of the results of the analysis carried out on the sample and authorises the Minister to make copies of the report as the Minister thinks fit (Regulation 49(3), Petroleum and Geothermal Energy Regulations 2013).

2. The report must be furnished within six (6) months from the date on which the sample is removed from the Core Library (Regulation 49(4), Petroleum and Geothermal Energy Regulations 2013).

Note: An administrative penalty can be imposed if the Applicant fails to comply with this condition. Currently an initial penalty of \$2,000 plus a daily penalty of \$200.

3. The report must include:

- (a) the name and number of the well; and
- (b) the removal date and serial number on this application for removal; and
- (c) the date of the completion of the analysis; and
- (d) a description of the analysis and the results of the analysis; and
- (e) information on how any residues or processed material arising from the analysis have been dealt with

Please reference on your title page of your report the inspection number(s).

Please also reference the Core Library samples numbers.

(Regulation 49(5), Petroleum and Geothermal Energy Regulations 2013).

Note: An administrative penalty can be imposed if the Applicant fails to comply with this condition. Currently an initial penalty of \$5,000 plus a daily penalty of \$500.

4. The following additional conditions apply to the release of any cuttings or core from the Core Library (Regulation 49(6), Petroleum and Geothermal Energy Regulations 2013):

5. If any worthwhile samples remain after the completion of the analysis, the Applicant must immediately return them and any thin sections to the Core Library (Regulation 49(8), Petroleum and Geothermal Energy Regulations 2013).

Note: An administrative penalty can be imposed if the Applicant fails to comply with this condition. Currently an initial penalty of \$2,000 plus a daily penalty of \$200.

6. After the expiration of two (2) years from the date on which the sample removed from the Core Library, the Minister will make a copy of the report available to the public for inspection (Regulation 49(9), Petroleum and Geothermal Energy Regulations 2013).

All reports submitted under the Petroleum and Geothermal Energy Act must be in digital format and meet the digital data submissions guidelines.

Reports are to be delivered and addressed to:

Alan Sansome

Energy Resources Division

Minerals and Energy Resources, DMITRE

Personal Level 6
Delivery 101 Grenfell Street
Adelaide SA 5000

Postal GPO Box 1264
Delivery Adelaide SA 5001
Australia

I understand that I am personally responsible for the sample(s) and for the reporting of the results of any analysis in accordance with the above conditions, the Petroleum Act and Regulations, 2013.
