

IEA Geothermal

“GEOHERMAL ENERGY DEVELOPMENT FOR A GREEN ECONOMY”

13 – 14 November 2017

Vietnam Institute of Geosciences and Mineral Resources (VIGMR), Hanoi, Vietnam

including a field trip to Cam Pha hot springs on 15 – 16 November 2017

Topics:

- Geothermal direct use and GSHP: State of the art, best practises, and Opportunities and benefits
- Case studies and best practises for (binary) Geothermal Power Production
- New stimulation technologies to enhance or create productivity
- Innovative drilling technologies
- Industrial and agricultural applications
- Geothermal cooling
- Hybrid systems
- And more

Geothermal Energy in Vietnam and Halong Bay (field trip).

Expert Group of the IEA Technology Collaboration Programmes

DISCLAIMER NOTICE: The IEA Geothermal (also known as IEA Geothermal Technology Collaboration Programme) functions within a framework created by the International Energy Agency (IEA). Views, findings and publications of the IEA Geothermal do not necessarily represent the views or policies of the IEA Secretariat or of all its individual member countries.

Members:

IEA Geothermal

Profit from the IEA - International Technology Collaboration Platform of Geothermal Energy:

- Presentations by international experts (Asia, Australasia, Europe, Mexico)
- Learn about most efficient and cost-effective geothermal direct use technologies and (binary) power production
- Hear about innovations and emerging technologies of geothermal energy
- Enhance your knowledge and strengthen your international network by worldwide information exchange
- Meet international experts, high level representatives and decision makers from countries worldwide, leading international companies and many more ...

IEA Geothermal is pleased to invite you as a guest to the Asia Geothermal Energy Workshop. The conference language is English.

Please inform us if you also like to participate in the field trip on 15 -16 November 2017 to the hot springs in Cam Pha (120 USD per person).

The Program will be published soon. There is no registration fee for the workshop.
